SeeSnake® DVDPak2 Monitor Inspection Camera Monitor

The DVDPak2 Monitor utilizes the latest DVD burning technology to reliably record your inspections in the harshest environments. The DVDPak2's lightweight compact design makes transporting your equipment to the job site even easier.

- **Fully Weatherized Design** lets you take the DVDPak2 into whatever situation you may run into.
- **Exceptional DVD Burning Reliability** takes the question out of what DVDs to use and how to finalize correctly.
- **Lithium-Ion Battery Power** allows you to record inspections regardless of the availability of AC Power.
- **Lightweight and Small** design makes carrying your tools to the job site and stowing your monitor easier than ever.
